

**2015 FLORENCE TOWNSHIP
COMMUNITY CALENDAR**

TOWNSHIP OF FLORENCE

Here is the 2015 Florence Township Calendar. Our community is steeped in a proud history which is enriched by the qualities of our residents.

I would like to thank the Florence Township Fire Company #1, who helped with coordinating and soliciting sponsors. We are fortunate to have so many dedicated men and women serving our community. I also appreciate the young men of Roebing Boy Scout Troop 3 who distributed the calendar to every home in the community. Lastly, the calendar would not be possible without the selfless donations of our sponsors. The calendar committee that made this project possible truly enjoyed working together to bring you the calendar as a source of information and enjoyment.

The calendar continues to be expanded to not only include township meetings but also programs sponsored during the year. Please show your support by attending the events, meetings and programs listed in the pages of the calendar. One of the strengths of our community is our volunteer organizations. I encourage you to get involved with their worthwhile endeavors. Because of their efforts, Florence Township is a better place to live.

The revitalization and re-birth of the Route 130 Corridor continues to move forward, and the future is full of potential. With the opening of Subaru, Express Scripts, Burlington Coat Factory corporate offices and Destination Maternity's logistics business, we continue to attract quality companies and new employment to Florence Township. In 2015, we look forward to the construction of a new 7-11 Convenience Store & Valero Fuel Station. In addition to the Route 130 Corridor, the former Marcella L. Duffy School on West Second Street is being renovated for senior affordable housing and is anticipated to be open in the second quarter of 2015. As these projects progress, Florence Township remains committed to pursuing more commercial opportunities and expanding the strong business economic base in the community.

Please stay tuned to our exciting news and information channels as they continue to grow and become a preferred method of communication. I encourage you to sign-up for the Township Website updates, friend the Office of Emergency Management on Facebook, sign-up for emergency notices through Nixel, or simply check out our television channel on Comcast Channel 19.

Thank you for taking the time to read this letter and the other information contained in the calendar. If you would like to be a sponsor in the 2016 Calendar or wish to include information in the calendar, please e-mail information@florence-nj.gov or cwilkie@ftfd40.org.

It is has been my honor to serve you as Mayor. I wish you health, happiness and much success in 2015.

Sincerely,

Craig H. Wilkie

CRAIG H. WILKIE

MAYOR

Florence Township - Annual Municipal Stormwater Information

Dear Residents and Business Owners:

As you may be aware, the State of New Jersey requires all municipalities to distribute certain information each year relating to the protection of our water resources and stormwater management. This letter will give you a basic overview and information about what Florence Township does to promote water protection and stormwater management in our community.

Florence Township has several ordinances that relate to stormwater management and protection of our water resources.

Chapter 123 of the Township Code regulates Pet Waste, Littering, Improper Disposal of Waste, Wildlife Feeding, Yard Waste, Refuse Containers, and Illicit Connections to storm collection systems.

Littering is unlawful on public and private lands and this includes scattering of handbills, circulars and other forms of advertisement. Trash, tires and other items are regarded as waste and should be in enclosed containers with tight fitting lids that prevent spillage. The feeding of unconfined wildlife such as Canadian Geese, migratory birds or other large numbers of wildlife is prohibited. Dense wildlife numbers in the state have contributed to concerns of feces polluting streams, rivers, ponds and lakes. Even pet waste should be cleaned up immediately from public and private lands and disposed of properly. Illicit connections to stormwater collection systems are another concern that contributes to a multitude of pollutants of our waterways. Some types of illicit connections include: sewer or gray water discharge, floor drains in contaminated areas, unprotected yard or roof drains, etc.

Chapter 91-75 and its corresponding sections of the Township Code address design standards for construction and public and private storm drain inlet retrofitting.

The state and the township require that new construction or land development applications meet a series of tests to verify that each new project conforms to the latest best management practices for stormwater management and water protection. In addition, storm drain inlets are required to be retrofitted any time a qualifying work takes place on or near the inlet. You may be familiar with inlet retrofitting because you can see the smaller size of the openings on the grate and back portion of the inlet components. This smaller opening acts to prevent trash and debris from entering the stormwater system and finding its way to our rivers, lake and streams.

For more information on the municipal code, stormwater management, and water protection measures, please visit the Florence Township Website at www.florence-nj.gov and click on the link for Stormwater Management under the Documents tab on the left side of the page.

Thank you for taking the time to read this information and for your concern for the environment.

Roebing Auditorium

Located at 69 Main Street in the Village of Roebing, Florence Township enjoys a beautifully refurbished and renovated 100 year old auditorium that was once the main source of entertainment for the workers who labored at the nearby Roebing Steel Mills.

When the Roebing Family began to turn more of the village into private homes and businesses, this building eventually came into possession of the Roebing Fire Company.

The members of the Roebing Fire Company cared for this wonderful building for decades and because of their responsible stewardship, the building was prime for the municipality to complete renovations in order to prepare the building for public use.

Now, the building is the Florence Township Community Center. The large assembly hall portion of the building is named Fireman's Hall, after the brave and responsible volunteer firefighters who made sure the building would survive for future generations to enjoy.

In 2012, the Mayor and Township Council decided the building needed a new partner to help manage the public access so the township worked with another group of brave and responsible public servants to get the job done.

The police officers and members of the Florence Township Fraternal Order of Police Lodge 210 accepted the challenge of caring for and managing the building. Today, FOP Lodge 210, is making it possible for various groups, residents, and organizations to use this exceptional piece of history in our community.

Celebrating 100 Years of Scouting with Roebling Troop 3

Troop 3 has a long history of service to our community. We welcome all to our Troop for friendship and fellowship. Join us as we learn about the outdoors and how to survive and cooperate with others in this ever changing world. We are here to teach character and build a strong foundation of values for life.

Civil War Soldiers from Florence

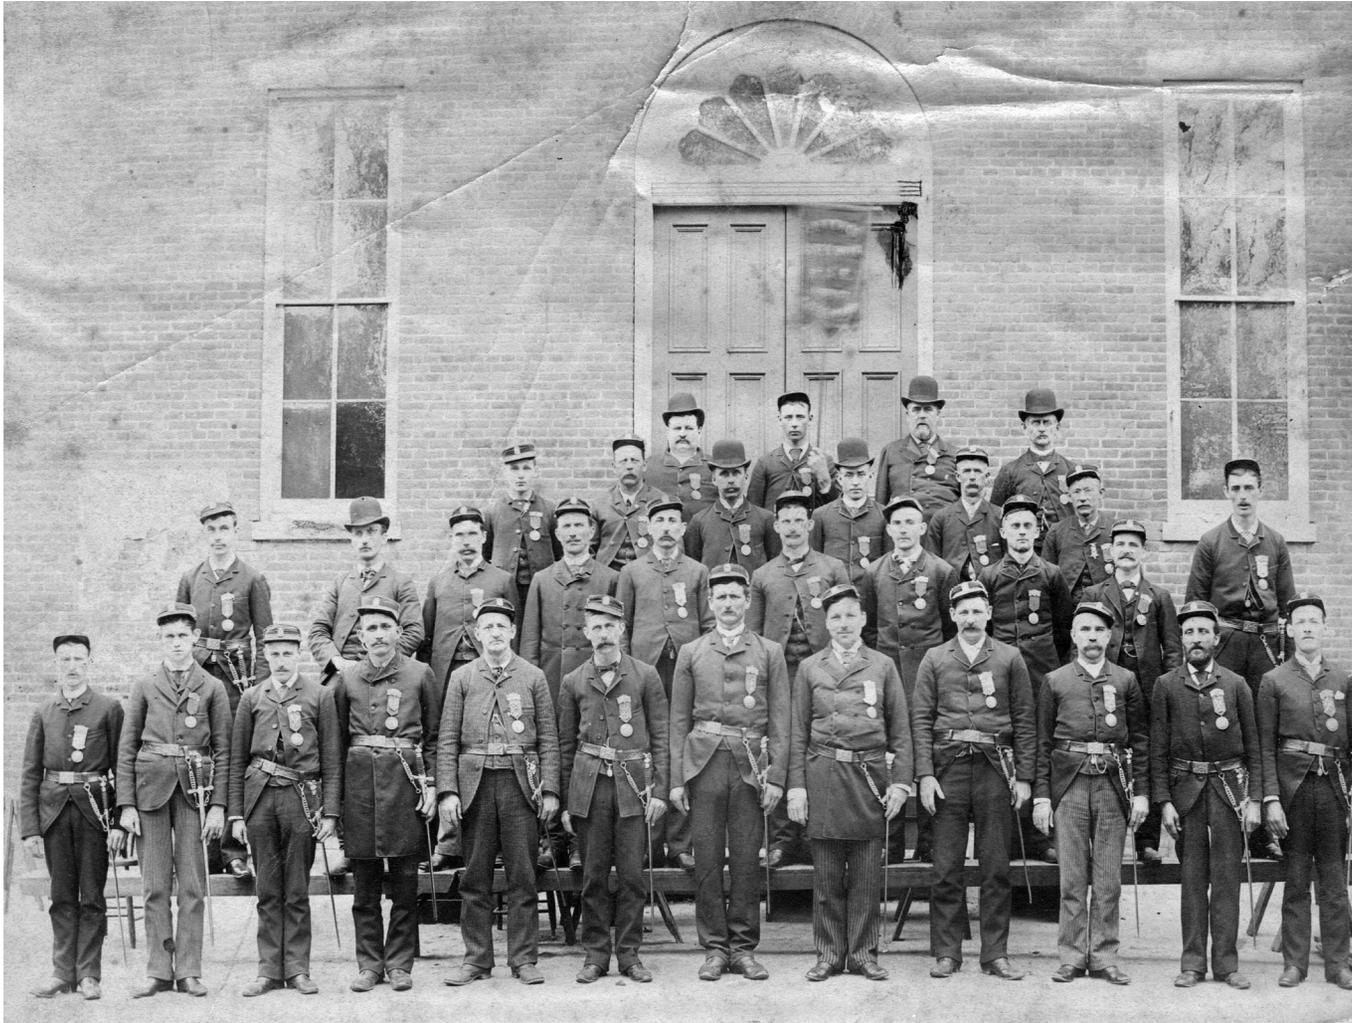

Photo portrays the Florence men who enlisted in the 1st NJ Cavalry and fought at Gettysburg, Pa.

A monument recognizing the 1st NJ Cavalry is located at Gettysburg and is over 9 feet tall.

Their leader was Capt. William Gray, whose house still stands on East Front Street. Records show every able-bodied man from Florence enlisted.

In 2015, it has been 150 years since the Civil War ended.

Their names are as follows:

John Adams, George Aikins, Charles Allen, Reuben Anderson, Charles Baker, Patrick Christy, James D. Craig, Jason Cox, Edward Dorsey, Elwood Durell, Joseph Donnelly, George H. Emlen, Richard Earley, William Earley, Charles Eckersley, Joseph Flood, Capt. William Gray, Alfred Green, Benjamin Horner, George Hobbs, Richard Hamilton, Thomas Henry, Albert Harkins, Carr Ivins, James Johnson, John F. Jones, Thomas Lanning, William Lanning, Miles Lucas Jr., Charles Lynch, Joseph Mead, Jacob Miller, Cortenas Patterson, Benjamin Robbins, Henry Stewart, Edward Stewart, Henry Strick, John Stratton, William F. Thacher, Erasmus Webb, Charles D. Wilkie, George Wispert and Michael Woolston.

William Thacher, who had one arm amputated, ran the Florence Thread Mill. George Wispert lost his right arm and Captain William Gray, lost his left arm.

Hunt Bros. Circus - Winter Quarters Farm & Home

The Strangest College on Earth -

A cozy low white house, with other smaller units scattered over many acres of ground, all enclosed by a neat wire fence. In this college are enrolled a most unusual assortment of "students", including horses, ponies, elephants, dogs, monkeys, lion, bears, etc.

And there is also a well rounded enrollment of acrobats, clowns, wire walkers and bareback riders. And the courses are designed to include laughter, applause, thrills and wonder.

And what did you get?

Why Hunt Bros. Circus of course, for its their winter quarters farm and home in the little town of Florence, NJ, that I'm talking about, on the highway between Bordentown and Burlington, NJ.

Founded in 1892 by Charles T. Hunt, Sr., it is here during the winter months that Charles T. Hunt Sr., with the aid of his sons, Charles Jr., Harry and Edward, along with his daughter Charlotte put together another new and glorious performance for the coming season.
