

NOTICE – August 28, 2017

This years' road paving program is coming to an end very soon.

As this notice goes to post, milling has begun on West Third, East Third, and West Second Streets and paving will begin soon. Once these streets are completed, the only paving work left to do is a small section of Alden Avenue south of Roland Avenue, and the loop of Winter/Riverview/Summer Street.

We anticipate the final streets will be completed within the next few weeks.

This years' road improvement program was massive and we are sure residents will be pleased to know the 2018 road improvement program is currently being compiled. The list of roads to be paved in 2018 will be approved in September.
